

PROFILE

I'm an Android developer with 10+ years' experience in all kinds of work environments, all the way from a Big Telco to creating my own start-up.

UI/UX is my passion and I'm always up to date with the latest trends in the mobile space, both in Android and iOS.

I have an extended multicultural background, having recently been directly involved in the creation of a European wide Alumni organisation, the BEST Alumni Network.

Skills

- Android Development
- UI/UX Design
- Project & Team Management
- Public Speaking
- Video Editing
- Tourist Guide

Manuel Rego

Senior Android Developer

Experience

Founder & CEO – **Captain** (2015 – Now)

Designed and developed a mobile app and the company itself from scratch to launch – app is live, having reached 1k users.

Responsibilities included, but not limited to:

- Android Development – Native Java/Kotlin app, using Android Jetpack (Data Binding, View Binding, LiveData, Room), latest libraries (Retrofit, OkHttp, Glide, etc), Firebase (SMS Auth, Remote Config) and a REST API;
- Project management – leading 2 teams of 3 people – covering both development and design/marketing;
- UI & UX design of both apps, improved with user feedback;
- Public presentations, including pitching for a full auditorium;
- Business plan development and implementation;
- Attended multiple entrepreneurship events & courses, including 3 Web Summit editions;

Android Dev – **minusCode** (2016)

Developed an Android App, from layout until go live, on a freelance contract. The app was based on a paper chase game concept, and included geofencing as well as intricate caching and synchronizing mechanisms.

Android/iOS Dev – **Cycloid** (2014 – 2015)

Worked on a complete redesign of Vodafone Portugal's companion TV app (TV Net Voz), both on Android and iOS, quickly responding to the team's needs even without previous experience on iOS.

Android Dev – MEO (2011 – 2014)

Main responsible for both the redesign and complete refactoring of an existing Android app (MEO Parking), among other projects.

Education

MSc Telecommunications and Informatics
Instituto Superior Técnico (2012)
